SUMMARY

A technically adept IT Support and Web Developer with 5+ years of self-directed experience in managing both software and hardware systems. Proficient in desktop maintenance, Windows OS management, server configuration, and network troubleshooting. Hands-on experience with deploying system updates, maintaining LAN/WAN networks, and offering remote and onsite support. Well-versed in full-stack development and IT infrastructure, blending software skills with technical support expertise.

TECHNICAL IT SKILLS

- Desktop troubleshooting (Windows 7-11)
- Windows Server (2012, 2016, 2019) basic management
- Software installation & patch management
- WSUS / Group Policy for Windows Update
- Network configuration (TCP/IP, DNS, DHCP)
- Basic router/switch setup and IP address allocation
- Remote support tools (TeamViewer, AnyDesk)
- Backup and restore procedures
- Command-line and PowerShell basics

WEB DEVELOPMENT SKILLS

- Languages: PHP, JavaScript (React.js, Vue.js)
- Frontend: HTML, CSS
- Backend: Node.js, Express.js
- Version Control: GitHub

EXPERIENCE

IT Support Specialist (Freelance / Contract Work)

Self-employed - Lagos, Nigeria | 2022 - Present
